

Kindergallery invites you to share in a new range of artworks for children by New York artist Ida Pearle.

Ida has created a series of cut paper collages featuring everyday scenes of children at play, like walking in the rain, ice-skating and dancing. Her figures are graceful, inspiring and comforting, and achieve a dreamlike elegance and flow.

This selection of high quality giclee prints is offered exclusively in Australia and New Zealand by Kindergallery.

For further information about Ida's collection, or any of our other artists, contact Angela on (02) 9818 4680 or email info@kindergallery.com or visit www.kindergallery.com. High resolution images are available upon request.
