

### Just flown in from New York

We would like to inform you and your readers of a new collection of exquisite hand-stitched works exclusive to Kindergallery ([www.kindergallery.com](http://www.kindergallery.com)).

Created by the uniquely talented New York based artist, Tamar Mogendorff, this premium collection includes adorable birdhouses and dove cages, as well as a delicate peacock and a peerlessly beautiful stork.

Made from eclectic materials such as linen, mohair wool, cotton, tweed and pashmina, these wonderful pieces act as mobiles, wall mountings and room sculptures.

For further information about Tamar's collection, or any of our other artists, contact Angela on (02) 9818 4680 or email [info@kindergallery.com](mailto:info@kindergallery.com) or visit [www.kindergallery.com](http://www.kindergallery.com). High resolution images are available upon request.
