

## press release

### Michele Morcos

Michele Morcos, who also goes by the name 'The Tiny', is a visual artist and freelance arts writer with a studio practice in Sydney. A graduate of the UNSW College of Fine Arts, she has exhibited her exquisite works extensively throughout Australia for over 10 years.

We especially love Michele's mixed media pieces, and leapt at the opportunity to offer a selection to you.

Michele creates these vivid works by hand-embroidering on Japanese cotton, and adding delicate felt elements to create a unique, richly coloured and textured piece. We think these creations really are an enduring treasure for your home.
